REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Chesterfield:

I herewith submit my first annual report as Superintendent of Schools, this report to date from July 1, 1925.

TEACHERS

By far the most important thing Chesterfield can do to maintain good schools is to hire and keep through a period of years good teachers. In order to do this:

1. A great deal of care must be used in selecting the proper teacher for our children.

2. A substantial salary must be paid and increases given each year until a salary is reached which will keep teachers in our schools for longer than one or two years.

3. The teachers must have a classroom which is properly equipped, sanitary and pleasant to work in.

4. The community must cordially receive this teacher into its activities and friendships so that she will take a keen interest in the welfare of the town and not work simply for her salary.

The following table gives the organization of the schools for 1925-26.

	Pupils
Chesterfield Primary, Miss Dorothy Barrett,	16
Chesterfield Advanced, Mrs. Imogene Chickering,	15
Spofford Primary, Miss Agnes Kane*,	16
Spofford Advanced, Miss Myra Blackington*,	20
West Chesterfield, Miss Minnie Marshall*,	16

*New teachers.

Although three of these teachers are new, the work in all the schools has progressed well and a fine spirit of cooperation has prevailed.

BUILDINGS

Chesterfield school buildings are in fair condition. With the excellent chemical toilet equipment installed at Spofford last summer and the chemical toilet in storage at the West Chesterfield school house to be installed next summer all our buildings will be provided with sanitary toilet facilities. This is more than can be said of any other town in this Union and is worthy of note.

The blackboards at Spofford and West Chesterfield are in very poor condition and should be replaced.

The interior of the West Chesterfield school house was refinished during the summer and was clean and attractive for the children when they began school in the fall.

A cesspool was dug at Chesterfield last summer.

HEALTH

One of the most important duties a teacher has is caring for the health of her pupils, instructing them in health knowledge and health habits. This is being handled well in our schools. I hope however that next year we may emphasize this work to a greater degree. In this possibly more than in any other field there is need for cooperation between the home and the school. We may look forward to more sanitary washing and drinking facilities in our school rooms and cupboard space for our noon lunch utensils.

It has been the custom in Chesterfield to employ a doctor or nurse for a brief period during the year to examine the school children and report any physical defects to the parents and teacher. This has been excellent so far as it has gone. I hope there may be in the future some way of joining the other towns in the Walpole and Charlestown Union to employ a permanent school nurse.

There are 11 pupils in the Chesterfield schools who have not been vaccinated. This should be attended to in the spring.

FINANCES

The financial condition of the Chesterfield School District is sound, although there will be a considerable deficit at the end of this year due to three causes:

1. Lack of State Aid. The law in regard to State Aid reads as follows: "In any district in which a sum equal to ½ of 1% of the equalized valuation (5 dollar tax)—is insufficient to maintain the required elementary schools—the State Board shall provide the balance of the money necessary." In 1924 the State paid Chesterfield all the money that was necessary to run the elementary schools over and above $6,232.72 (5 dollar tax). In 1925 due to an increase in the equalized valuation the State paid only the cost above $7,301.75. Briefly this means a larger decrease and possibly a total loss of State Aid due to the increased valuation of the town.

2. A decided increase in the cost of transportation(statutory obligation).

3. A decided increase in High School tuition (statutory obligation).

These three facts which have caused a deficit in the current year will without doubt continue through the next year. This deficit and increased costs should be provided for at the next school meeting.

I appreciate very much the cordial support of the schools which I have found among the people of Chesterfield. This with the fine work done by your teachers gives encouragement for the future. The advice and the aid of the School Board have been invaluable.

Respectfully submitted,

WILLIAM SLADE, JR.
